

## DIS keeps the Learning Door Open

The outbreak of COVID 19 disease has been declared a public Health Emergency of International Concern. To disinfect the people and make them safe from the pandemic of COVID-19, the government has declared a lockdown situation in the country and thereby all schools are shutdown now. But the protection of Children and ensuring educational facilities is particularly important. Daffodil International School is always very committed to build its Students as the next future leaders and the next generation of Caregivers to serve the people, the country and the world. So, in this unavoidable circumstances, DIS has planned for continuity of Students' learning from their home for ensuring the safety. The modern technology and online platform with a group of IT Specialists and well trained Teachers are available at DIS to support online learning and ensure quality education.

Daffodil International School successfully continues its schooling and all other activities for its Students during the current dire condition of the globe according to the regular class routine and events of academic calendar in online using Google Class room , Google form , Google Hang out Meet and school's own online platforms . Not only the students of Senior Section, Middle Section and Junior Section but also the toddlers of Pre School are busy with their regular class activities given by their respective teachers through Online Schooling. Teachers are teaching with the method of Learning with fun keeping their mood up .Students are getting class lectures, details discussion on the topic, learning resources , regular Homework and feedback from the Teachers. Students can approach teachers any questions if they have confusion.
